

**THE BUSHEY
ACADEMY**

Proud to belong

22 October 2010

Dear Parent/Carer

The Bushey Academy is committed to ensuring that all students make excellent progress. To achieve this, the academy will be introducing an online reporting system through Stars for Schools from November 2010, through which parents will be able to access their child's performance data, including attainment grades, attendance figures, Attitude to Learning scores and current and predicted grades. Having online access to this information will allow parents to engage in immediate discussions with their child regarding progress and to work with the academy to remove barriers to learning.

If you wish to access your child's data on the internet, please complete the proforma below and return it to your child's form tutor. Once we have received your e-mail details, a password will be sent to you and you will be able to access your child's data. As Stars for Schools contains private data, please ensure that the e-mail address you send to us is secure and accessible only by yourself. There will be no further paper collections sent to you.

A student's data will become live as each data collection is completed. The first online reports will be available from 26 November 2010. Please note that if parents do not wish to access their child's data through Stars for Schools, a paper copy will be sent instead.

If, once you receive your password, you experience problems logging on to Stars for Schools, please contact us as we are happy to offer technical advice. Stars for Schools may identify a parent who opted to use this system but has not accessed the data. In this case we may contact you to offer support.

Yours sincerely

M Ramsbottom
Vice Principal:

Please return this slip to your child's form tutor at the academy by Friday 19 November 2010

I wish/I do not wish (*delete as necessary*) to be able to access my child's data on Stars for Schools
